

Roots and Wings

TASK 1.

As a result of your participation in the programme so far:

- What have you learnt with regard to the following aspects – PERSONAL, PROFESSIONAL and ORGANISATIONAL?
- Has what you have learnt resulted in any CHANGES at a personal, professional and organisational level?

1. PERSONAL – (e.g. your vision, how you perceive yourself, how you behave, how you interact with others, your understanding of what is important to you and why)
2. PROFESSIONAL – (e.g. your knowledge of different ways of doing, skills acquired eg coaching)
3. ORGANISATIONAL – (e.g. impact on the school – to individual departments within the school and to the school as a whole)

TASK 2

You will need to prepare a brief which outlines a particular issue which is currently emerging or is impinging on the effectiveness of your school. You will then be able to share this issue with your trio partners – and this will form the basis of a “coaching exercise” which will hopefully be both relevant and useful.

By brief – we mean a description of the issue – the most important factors contributing to the situation, main personalities involved etc.

TASK 3 – (Danish heads only)

Prepare a programme/ timetable for the trio visit to your school – this you will be introducing to your partner heads on the Sunday and will form the basis of a discussion.

NB

You are kindly asked to bring three hard copies of your response to the tasks to the Conference and also to post your responses on to the first class web site.
